## SKILLS

- ❖ **MERN Stack Development**
- ❖ HTML, CSS, Bootstrap, Javascript
- ❖ **Node.JS , Express.JS**
- ❖ React.JS
- ❖ C/C++ **Fundamental**
- ❖ REST APIs Using(Node.js)
- ❖ Object Oriented Programing(OOPS)
- ❖ SQL, NOSQL(MongoDB)
- ❖ Excel/Adv

## EDUCATION

- ❖ **Bachelor's Degree in Computer Applications (BCA)** Amity University Noida (**Pursuing**)
- ❖ **Secondary Education**  
Chandra Shekhar Ajad Inter College, UP | 2020 | 70%
- ❖ **Higher Secondary Education**  
Chandra Shekhar Ajad Inter College, UP | 2022 | 77% .

## Certification

- |                           |                     |                                  |
|---------------------------|---------------------|----------------------------------|
| ❖ Software Engineer       | <b>HackerRank</b>   | <a href="#">Certificate Link</a> |
| ❖ Software Engineer Inter | <b>HackerRank</b>   | <a href="#">Certificate Link</a> |
| ❖ Java Script(Basic)      | <b>HackerRank</b>   | <a href="#">Certificate Link</a> |
| ❖ DSA With Java           | <b>Apna College</b> | <a href="#">Certificate Link</a> |

## Experience:

**Intern, Full Stack Developer**

**HighTech Solutions S&H Institute**

**July-23 To Aug -24**

- Assisted in designing and delivering training materials for multiple programming languages, including **C/C++, SQL, Java, Python, C#, and PHP**, with a focus on full-stack development concepts.
- Participated in creating interactive lectures and hands-on workshops that facilitated the understanding of both front-end and back-end development techniques.
- Worked closely with instructors to demonstrate core **full-stack** development skills, including **HTML, CSS, JavaScript, Node.js**, and **Databases** (SQL/NoSQL), ensuring students understood the connection between front-end and back-end technologies.
- Supported the development of projects, helping students design and implement **web applications** and providing debugging assistance during project development.
- Gained practical exposure to industry-standard development tools and practices, such as **version control (Git), REST APIs, Responsive Design**,
- Collaborated in the evaluation of student projects and assignments, offering feedback on both technical implementation and overall architecture.
- Contributed to discussions on **code optimization, debugging strategies**, and **best practices** in full-stack development.

## ACADEMIC PROJECTS

### ❖ Technology Education and Training Institute Website

[Project Link](#)

- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, MySQL
- **Other Tools:** Git, Visual Studio Code

### ❖ Amazone-Clone

[\\_AmazoneWebsite](#)

I have created a website similar to Amazon using HTML and CSS technologies. This project serves as a stepping stone in my journey of web development

### ❖ Spotify- Clone

[Spotify Clone](#)

I have created a website similar to Amazon using HTML and CSS technologies. This project serves as a stepping stone in my journey of web development

### ❖ Custom Table Generator

[Table Generator Link](#)

He **Custom Table Generator** is a tool built with **HTML, CSS, and JavaScript** that allows users to dynamically create tables

### ❖ Custom Age Calculator

[Age Calculator](#)

The **Age Calculator** is a simple tool created using **HTML, CSS, and JavaScript** that calculates a person's age based on their birthdate

## ACHIEVEMENTS/ HOBBIES

- ❖ **Coding Challenges:** Engage in coding challenges on platforms like LeetCode and HackerRank to sharpen problem-solving skills and stay updated with algorithms and data structures
- ❖ Actively participate in coding challenges on platforms like LeetCode and HackerRank to continually sharpen problem-solving skills and stay abreast of algorithmic trends
- ❖ Engage in online coding communities to share insights, collaborate on solutions, and contribute to the collective learning environment
